SYMANEK COLLEGE

System Acceptance Testing Guide

Controlled human testing phase (UAT)

Operational document for users and test owners

Project	**Symanek College** — Public website + Management Suite
Document	System Acceptance Testing Guide (UAT)
Version	1.0
Date	29 August 2026
System status	**Controlled human testing** — not final production acceptance
Acceptance owner	Pedro Teixeira
Email	pedroteixeira201435@gmail.com

Important: This document is used to run and record controlled tests. While testing is under way, the system is **not approved for production**. Production is only considered accepted once Pedro Teixeira signs the acceptance page at the end of this guide.

6. Final acceptance checklist
7. Go-live blocking criteria
8. Sign-off page

1. Purpose of this document

This guide drives the acceptance testing (UAT — User Acceptance Testing) of the Symanek College system. The goal is to confirm, with real users and test data, that every module works as expected before final production acceptance.

Testing covers the following areas:

Public website	Management / admin Suite
• Navigation and institutional pages • Programmes / courses • Application process • Application status check • Proof of payment upload (EFT) • Contact	• Admin area and per-role permissions • Admissions management • Student management • Programmes / courses and capacity • Enrolments • Manual payments • Academic results • Official documents • Student portal and teacher portal

2. Main links

All links below are clickable. Use them to reach each area quickly during testing.

Area	Address
Public website (home)	https://symanek-site.vercel.app
Programmes / courses	https://symanek-site.vercel.app/programmes
Application page	https://symanek-site.vercel.app/apply

Application status check (applicant portal)	https://symanek-site.vercel.app/portal
Contact	https://symanek-site.vercel.app/contact
Public website administration	https://symanek-site.vercel.app/admin
Management Suite (login)	https://symanek-suite.vercel.app

Note: if a specific address changes after a new deploy, always use the two roots — public website symanek-site.vercel.app and Suite symanek-suite.vercel.app — and navigate from there.

3. Testing rules

- **Use only authorised test data.** Do not enter real personal data of third parties without authorisation.
- Do not use real sensitive data (ID documents, real financial data) without explicit authorisation.
- Record every issue found with: **screenshot**, **date/time**, **user** used, **module** and a **description** of what happened vs. what was expected.
- Use the test accounts provided separately. In this document, accounts appear as placeholders: `[admin email]`, `[student email]`, `[temporary password]`.
- **Do not consider production approved** until Pedro Teixeira signs the sign-off page (section 8).

How to log a defect (quick template): Date/time · User · Module/page · Steps to reproduce

· Actual result · Expected result · Screenshot attached (Y/N) · Severity

(Critical/High/Medium/Low).

4. Test flow — Public Website

Goal: confirm that an applicant can learn about the institution, apply, track status and upload the proof of payment.

4.1 Open and navigate the website

Step	Action	Expected result	Pass / Fail	Notes
4.1.1	Open symanek-site.vercel.app	Home page loads without errors		
4.1.2	Navigate the main pages (About, Programmes, Gallery, Contact)	All open and show content		
4.1.3	Open /programmes and a course	Programme list and course detail visible		

4.2 Submit an application

Account needed: none (public form). Path: /apply

Step	Action	Expected result	Pass / Fail	Notes
4.2.1	Fill in the application form with test data	Fields validate correctly		
4.2.2	Submit	Success message is shown		
4.2.3	Save the application **reference / ID**	Reference is shown and can be copied		

4.3 Check status

Path: /portal

Step	Action	Expected result	Pass / Fail	Notes
4.3.1	Enter the saved reference and check	Application status is displayed		
4.3.2	If approved, view the **approval letter**	Letter available to read/download		
4.3.3	Upload the **EFT proof of payment**	File is accepted and confirmed		

4.4 Contact

Step	Action	Expected result	Pass / Fail	Notes
4.4.1	Send a message via /contact	Message sent with confirmation		

5. Test flow — Suite (Admin / Staff)

Open the Suite at symanek-suite.vercel.app. Each area below should be tested with a user holding the appropriate role. Always confirm that **only the modules allowed for that role are visible**.

A. General Admin

Account: `[admin email]` / `[temporary password]`

Step	Action	Expected result	Pass / Fail	Notes
A.1	Log in to the Suite	Signs in and sees the dashboard		
A.2	Review the dashboard and navigation	Metrics and menus load		
A.3	Confirm allowed modules	Only the role's modules appear		
A.4	Confirm that out-of-scope modules **do not appear** or are unavailable	Improper access is blocked		

B. Admissions / Registrar

Step	Action	Expected result	Pass / Fail	Notes
B.1	View the application list	Test applications appear		
B.2	Open an application	Full detail is shown		
B.3	Approve the application	Status changes to approved		
B.4	Reject another application	Status changes to rejected		
B.5	Confirm the status change after reloading	Status persists correctly		

B.6	Confirm the **student is created** after approval/payment	New student exists in the Students area	
B.7	Confirm the generated letter / reference	Correct and legible document	

C. Students

Step	Action	Expected result	Pass / Fail	Notes
C.1	Search for a student	Result appears		
C.2	Open the 360 profile	Programme, status, balance, results and documents visible		
C.3	Create a student manually (if allowed for the role)	Student created correctly		
C.4	Edit a student	Change saved		
C.5	Confirm the link to the user account (when one exists)	Student linked to the correct login		

D. Programmes / Courses

Step	Action	Expected result	Pass / Fail	Notes
D.1	View programmes	List loads		
D.2	View courses	List loads		
D.3	Confirm **capacity** and **enrolled** per course	Consistent values		
D.4	Test enrolment in a course **with a free place**	Enrolment confirmed		
D.5	Test a course **with no place** / waitlist (if applicable)	Waitlist behaviour is correct		

E. Finance / Payments

Step	Action	Expected result	Pass / Fail	Notes
E.1	View invoices	List loads		
E.2	Record a manual payment	Payment recorded		

E.3	Confirm the **balance** updates	Balance reflects the payment		
E.4	Confirm **paid / partial** status	Correct status on the invoice		
E.5	Confirm it reflects in the **student portal**	Student sees the updated balance		

F. Academics / Results

Step	Action	Expected result	Pass / Fail	Notes
F.1	View results	List loads		
F.2	Enter / edit marks (if allowed)	Marks saved		
F.3	Moderate results	Moderation step works		
F.4	Publish results	Result becomes published		
F.5	Confirm the student sees **only the published result**	Drafts not visible to the student		

G. Exams / Graduation / Documents

Step	Action	Expected result	Pass / Fail	Notes
G.1	Test available functions (exams, graduation, documents)	Work according to the role		
G.2	Confirm **blocks when data is missing**	System prevents an incomplete action		
G.3	Confirm document issuance **only when authorised**	Issuance is controlled		

H. Teacher Portal

Step	Action	Expected result	Pass / Fail	Notes
H.1	Log in as a lecturer	Enters the teacher portal		

H.2	View own courses	Only assigned courses			
H.3	View students	Correct student list			
H.4	View gradebook / materials (if available)	Content loads			

I. Student Portal

Account: `[student email]` / `[temporary password]`

Step	Action	Expected result	Pass / Fail	Notes
I.1	Log in as a student	Enters the student portal		
I.2	View dashboard	Own data displayed		
I.3	View own enrolment	Correct programme/courses		
I.4	Register a course	Registration confirmed		
I.5	View balance	Correct balance		
I.6	View published results	Only published results		
I.7	View documents / letter	Own student documents		

6. Final acceptance checklist

Summary by area. Fill in at the end of the testing campaign.

Area	Tested by	Result	Defects found	Fixed?	Accepted by Pedro?
Public website — navigation					
Public website — application / status / EFT					
Suite — Admin / permissions					
Suite — Admissions / Registrar					
Suite — Students					

Suite — Programmes / Courses	
Suite — Finance / Payments	
Suite — Academics / Results	
Suite — Exams / Graduation / Documents	
Teacher Portal	
Student Portal	

7. Go-live blocking criteria

If **any** of the items below occurs, production **must not proceed** until it is fixed and retested.

- Login fails (a valid user cannot sign in).
- Application **does not persist** (submission is lost).
- Payment **does not update the balance**.
- Enrolment falls **into the waitlist improperly** while a place is available.
- Student sees **wrong data** (another student's or incorrect).
- Incorrect permission (a role accesses something it should not).
- **Incorrect** official document (wrong letter/certificate).
- **Wrong published result**.
- Any **critical error without a fix**.

8. Sign-off page — Acceptance decision

By signing, the owner declares that they have reviewed the results of this UAT campaign and records the go-live decision.

Approver name	Pedro Teixeira
Email	pedroteixeira201435@gmail.com
Date	
Signature	

Decision

Mark	Decision	Notes / conditions
☐	**Approved** — may proceed to production	
☐	**Approved with conditions** — proceeds with listed pending fixes	
☐	**Rejected** — block go-live until re-validation
